AUTOTAG'S market leading key tags give you a robust, rapid method of identifying keys of all kinds. Designed for any key or remote fob, however large, they are a quality product developed over many years in conjunction with the motor trade:

Vehicle identification data easily visible when hung in a storage cabinet or safe

High quality, made from semi-rigid, recyclable polypropylene plastic

With steel rings or self-locking plastic tails

Pre-printed and formatted for vehicle details or plain unprinted

Range of colours for vehicle segmentation

Supplied with waterproof marker pens in a handy dispenser box

KEY CABINETS

KEY CABINETS

AUTOTAG secure key storage cabinets are specially designed for large keys and remote key fobs, ideal for today's vehicle keys and multi-key entrance protection for buildings. No more grappling with keys falling off hooks or crunching into each other when the cabinet is closed. Everything you need for rapid identification of each key using Autotag's key tags. Capacities from 25 to 410 keys

Which Lock Do I Need?

1 Key Lock only

recommended when cabinet is in a secure area of the business.

2 Mechanical Combination Lock

these are the most popular locks with bolt locking mechanism. Available with key override in case of inadvertent combination change. (Extra £25 at time of order)

3 Electronic Lock

these provide a bolt locking system optional mains power (extra £70 at time of order).

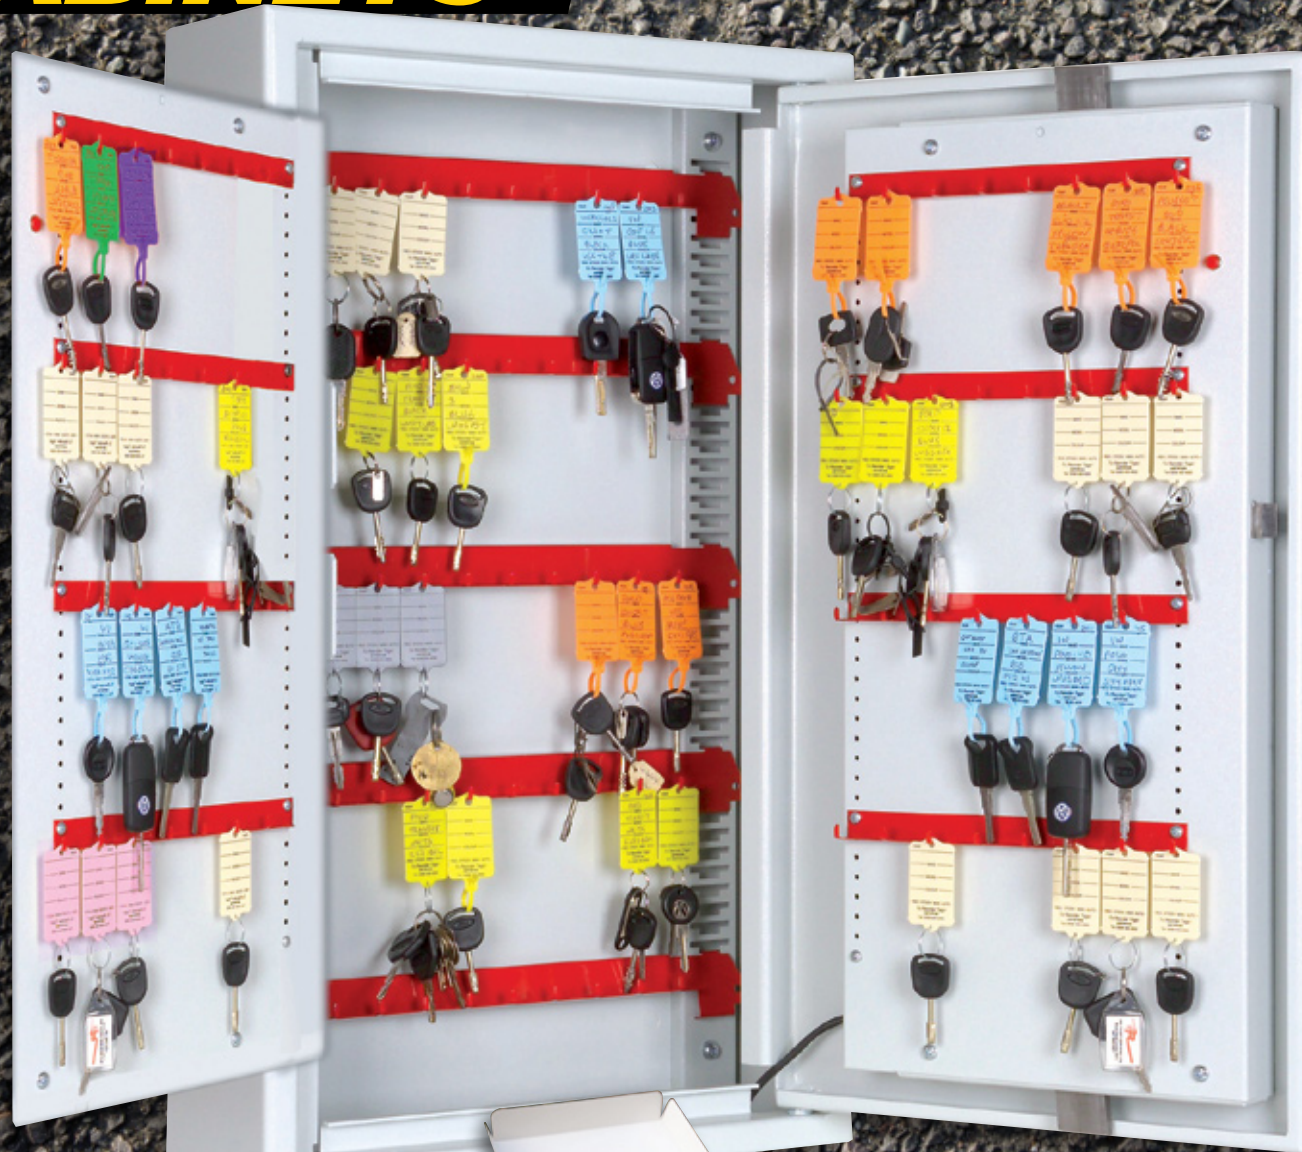

4 For Added Security Does Your Cabinet Need To Self Close?

All electronic cabinets (62 & 142 key) have this fitted as standard. A self closing mechanism can be fitted to the mechanical combination cabinets (67, 147, 205 & 410 keys) (extra £40 at time of order). Unfortunately this is not available on the Mini 25 or Compact 50.

Special slot on the reverse allows you to easily straighten information sheet

Easy Fit Static Pockets

£2.95 each Code 471-00

- The window has to be clean
- Easily attached to window
- Re-usable
- Doesn't deform or discolour
- Heat resistant up to +120 degrees Celsius
- Min adhesive temperature +2 degrees Celsius
- H:33.2 W:24.4 cm
- To be used with A4 spec sheet in portrait or landscape
- Special slot on reverse allows you to easily straighten information sheet

Place your A4 specification sheet in the Easyfit Pocket and simply attach it to the inside of the window. The attachment to the window is based on static adhesion so guaranteed not to come away from the window. The Easyfit pocket is easily removed by simply peeling away from the window without causing unwanted smearing. The Easyfit pocket is heat and humidity resistant with the ability to use with landscape or portrait A4 spec sheets.

Spec Sheet Holders

A4 Portrait

£3.20 each Code 681-01

Autotag has been supplying the original spec sheet holder to the motor industry for a number of years.

THE BENEFITS

- Unique patented design
- Fits easily inside the windows or windscreens, no matter how steeply raked
- No hangers, no clips, no suckers, no water ingress and no brackets
- No need to lower the window to fit
- Made of lightweight high quality plastic
- Print required details on A4 sheet and simply insert into the spec sheet holder before displaying

AUTOTRACKER

WHEN you need SECURITY AND TRACEABILITY for vehicle keys, Autotracker's the tool for you. You have control over other people removing keys from the cabinet, even when the cabinet is open. When a key's gone, you know who's got it because everyone with access to keys has a personal "signature" peg which they leave behind when they take a key. Foolproof, simple and effective. Available as a lockable CABINET SYSTEM or BOARD SYSTEM without a cabinet.

WOW! AUTOTRACKER BOARD NOW AVAILABLE IN A SUPER SAFE ELECTRONIC CABINET WITH AN EN SECURITY LEVEL 2 CERTIFICATE - EN14450-S2. THIS WILL HOLD A 68 AUTOTRACKER BOARD WITH A SPACE INSIDE THE DOOR FOR 40 KEY HOOKS. COMES WITH A FREE BOX OF KEY TAGS.

£1599.00

How it works...

MIRROR PLAQUES

Each vehicle is allocated a number indicated by a highly visible mirror plaque. The mirror plaque number has a "partner" number on the Autotracker board.

ANTI-TAMPER SEALS

Vehicle keys are secured to Autotracker anti-tamper seals, each of which has a white Retaining Peg. The Retaining Peg is used to lock the key to the board.

KEY BOARD

Keys are plugged into the board at the correct number position using the white Retaining Peg.

KEY RELEASE

Access to vehicle keys requires a personal Access Peg. Individually numbered and coloured, the Access Peg tells you who's removed a key. Simply insert the Access Peg to release a key.

Workshop Planner

From £145.00

Here's an effective organisation tool which allows an instant view of all outstanding jobs and the order in which they will be completed. The board carries A4 job sheet holders so that all the job details are together in one place. You can plan the activities of each technician by name - or anyone else for that matter. With the larger boards, employee names are down the side with dates or times running from left to right. With the 2 person mini-planning board, names are along the bottom with dates or times running vertically. Finished in washable plastic, the boards are easy to use with high visibility of all jobs.

Autotag Ltd - Terms & Conditions of Sale.

Definitions.

"Buyer" means the individual, firm, company or corporation placing an order
 "Conditions" means the standard terms and conditions of sale set out herein
 "Contract" means the contract for the sale of Goods incorporating the Conditions
 "Goods" means the goods which the Seller is to sell to the Buyer
 "Seller" means Autotag Limited

Status.

Unless agreed in writing by the Seller, the Conditions shall override any terms or conditions proposed, stipulated or referred to by the Buyer in correspondence, in its order form or elsewhere. None of the Seller's agents or employees is authorised to conclude agreements with the Buyer which conflict with these Conditions without the agreement in writing of a director of the Seller.

The description, data and illustrations in any brochure, catalogue, price list or other advertising material supplied or published (whether in writing or electronically or on the Seller's web site) by the Seller is for illustrative purposes only and shall not form part of any contract.

Autotag reserves the right to change product specifications and prices without notice.

The Contract shall be governed by the laws of England.

Quotations.

Quotations and price lists issued by the Seller shall not constitute an offer to sell the Goods. All quotations remain valid for 30 days from the date on the quotation unless an extension is agreed in writing by the Seller. All prices quoted are exclusive of VAT unless otherwise stated in writing. VAT at the prevailing rate will be added to all prices upon presentation of the invoice to the Buyer.

Payment.

The Goods supplied remain the property of the Seller until such times as they are paid for in full although the risk of damage or loss for the Goods will pass to the Buyer on delivery.

Payment terms are 30 days from the date of the invoice where a credit account exists or where no credit facility is in place the Goods must be paid for in full before despatch. If payment for the Goods is overdue in whole or in part, the Seller may repossess the Goods and enter upon the Buyer's premises for this purpose.

The Seller reserves the right to suspend or cancel credit facilities at its absolute discretion and to charge interest on overdue accounts.

The Seller must be advised if the Goods are not received within 10 days of the invoice date.

Warranty and Defects - Limitation of Liability.

The Seller warrants to the Buyer that the Goods will be at the time of delivery free from any material defect due to faulty materials or workmanship so long as:

- the Buyer gives the Seller full details of any defect immediately it becomes apparent and in any event not more than seven days from the date of delivery.
- the Goods have not in the view of the Seller suffered excess wear and tear by improper or careless use or storage, excessive stressing, improper installation or the like.

In the event that the Buyer claims from the Seller under the above warranty, the liability of the Seller to the Buyer shall in no circumstances exceed the value of the Goods which are the subject of the claim. For the avoidance of doubt, the Seller shall have no liability to the Buyer under any part of the Contract for consequential loss of any kind direct or indirect suffered by the Buyer.

All implied warranties or conditions are excluded to the extent permitted by law unless otherwise stated.

In the event of a claim by the Buyer under warranty, the Seller may at its absolute discretion after inspecting the Goods (and if satisfied that their condition has not deteriorated following delivery) repair or replace the Goods, or take them back and refund the price.

Incorrect Goods: It is the Buyer's responsibility to notify the Seller within 7 days from the date of delivery of any incorrect Goods supplied. In the event of supply of incorrect Goods, the Seller undertakes to replace them with the correct Goods as soon as reasonably practicable.

Shortages: It is the Buyer's responsibility to sign for the correct number of packages as shown on the carrier's delivery consignment note. Any shortages must be noted on the consignment note and notified to the Seller within 7 days of the date of delivery.

Delivery.

The Seller will use its reasonable endeavours to deliver the Goods to the Buyer in good time but shall have no liability to the Buyer for failure to deliver and the time for delivery shall not be of the essence in any Contract.

The Seller may only refuse to accept delivery if:

- after the date of our acknowledgement of the order the Buyer has sent the Seller a notice specifying a deadline date and
- the Seller has specifically accepted that date in writing.

All products and services are subject to availability and may be withdrawn at any time. If the Seller does not supply the Goods for any reason it will not charge the Buyer and will refund any money already paid for them.

The content on the website replaces all previous contents and the products on them.
